## 75w Moving Head Light Spot LED

The SPOT75 moving head spotlight uses 75W LED lamp beads for 50,000 hours of lamp life. The powerful light output is equivalent to the traditional 250W moving head light. The output of the light is evenly saturated and smooth, and the light is more concentrated and the color is more vivid. It turns faster, quieter and lighter than other headlights of the same class. Suitable for use in sprinkling bars, KTV, DISCO various indoor performance venues, which means that it is a true green environmental protection and energy-saving products, which can save users' expenses to the utmost extent and is also loved by customers.
